## **CITY OF HEMET HISTORIC RESOURCES**

## CITY OF HEMET HISTORIC RESOURCES

(Photo courtesy of the Hemet Heritage Foundation.)

**Martin Meier home: Built 1908**  
Located on State Street in Downtown Hemet,  
the home is currently being used as office space.

## **HISTORIC RESOURCES IN HEMET HISTORIC RESOURCES SURVEY/INVENTORY**

In 1981, the Riverside County Historic Commission of the Riverside County Parks Department initiated a survey of Hemet's historic structures. The survey developed into a historic resources inventory that was filed with the California Office of Historic Preservation (OHP) in 1983. The OHP is a division of the California Department of Parks and Recreation. The mission of the OHP is "to preserve and enhance California's irreplaceable historic heritage as a matter of public interest so that its vital legacy of cultural, educational, recreational, aesthetic, economic, social, and environmental benefits will be maintained and enriched for present and future generations."

The City's historic inventory became a part of the statewide Historic Resources Inventory (HRI) in the California Historic Resources Information System (CHRIS). The HRI database is maintained and managed by eleven independent regional information centers under contract to OHP. The Eastern Information Center (EIC) located at the University of California, Riverside, maintains the Historic Data File for Riverside County, which includes the Hemet inventory. The list that follows is the 1983 inventory prepared by the County Historic Commission, filed with OHP, updated by EIC, and referred to as the Riverside County Historic Data File.

### **Demolition Delay**

The City intends to adopt a historic resources ordinance that, among other things, establishes demolition and development policies for historic resources. However, until that ordinance is adopted, the City will review demolition and development proposals for their impact on historic resources. The proposed demolition of any structure listed on the Riverside County Historic Data File, referenced above and attached herein, will be subject to a 30-day delay while a historic review is completed by staff.

Other structures subject to the 30-day demolition delay are structures located with the Downtown Historic Core area as mapped in General Plan Figure 9.3, structures over 50 years old, or as otherwise noted as historically significant to the City of Hemet.
