# THE BOARDWALK

W. FLORIDA AVE. & GILMORE ST. - HEMET, CA.

## INTRODUCTION

The purpose of this sign program is to insure that all signage be consistent with the project owner's intent to create a visually appealing, yet functional commercial environment and also to ensure the design and production quality of all signs within the project.

The signs specified herein shall be related to their surroundings in terms of size, shape, color and material, as well as illumination, in order to complement the overall design of the building and not compete visually with other signs in the area.

## GENERAL GUIDELINES

1. Conformance to the standards specified herein will be strictly enforced. Each tenant will be responsible for the design, installation and maintenance of their sign(s). Scratched or damaged paint, improperly installed signs, or building damage as a result of sign installation, must be replaced or repaired within thirty (10) days of occurrence at the sole expense of the tenant.
2. No signs will be painted directly onto a building wall or surface of any building, except where the sign becomes an integral part of the building design, and must be approved in writing, by the Landlord and permitted by the city of Hemet planning and building department.
3. Sale signs, special announcements, posters, sandwich boards, or any non-permanent signs are not permitted.
4. No sign shall be constructed or maintained to flash, rotate, or in any way simulate motion or create sound.
5. No sign shall be constructed or located as to constitute a nuisance or in any way be detrimental to adjoining uses.
6. No vehicles displaying shop tenant logos, names or other advertising shall be permitted to be parked in areas of the shopping center lot which are visible from adjacent roadways.
7. Should discrepancies occur regarding specifications contained herein relating to signage, the City of Hemet Zoning Ordinance,
8. This sign program will have a binding effect and no permit will be issued for installation of any sign unless and until all requirements outlined herein have been approved in writing by the Landlord and the City of Hemet Planning and Building Department.

Photo rendition for representational purposes only. Photo scales are close approximate. Actual sign may appear larger or smaller than shown. Colors shown may vary due to ink jet printing interpretations.

## TENANT SIGN REQUIREMENTS

1. The design and graphics for each sign should reflect the character of the shop or business it identifies. Design approval will be based upon compatibility and placement within the storefront architectural features as outlined in these sign guidelines.
2. The tenant shall be solely responsible for all costs involved in the design, construction and installation of their sign(s).
3. The tenant will be allowed a minimum of one (1) primary identification sign limited to the trade name and logo in a single line format, along the building frontage in which public entry is located. A tenant will also be allowed an additional identification sign upon a street / parking lot side along of the building frontage. But in no case shall a tenant be allowed more than two (2) identification signs. Restaurant pad tenants may have Three (3) primary identification signs subject to city of Hemet Zoning and Sign Ordinances.
4. The maximum size of a primary wall sign, including a logo, shall be 2 square foot of sign area for each lineal foot of building frontage. Frontage shall be computed on an individual basis in multi-tenant buildings, and the building frontage shall be measured along the side of the building for which the sign is proposed. In no case shall the length of the sign exceed 80% length calculated on total leased storefront area.
5. Computation of Sign Area. The surface area of any sign face shall be computed from the smallest rectangles, circles and/or triangles which will enclose all words, letters, figures, symbols, designs and pictures, together with all framing, background material, colored or illuminated areas, and attention-attracting devices forming an integral part of the overall display.
6. Sign sizes and specific sign locations for pad buildings are outlined in these sign guidelines. Tenants may use their established logo symbols, and distinctive type styles as long as it complies to the sign guidelines outlined herein.
7. Allowable tenant wall signage shall consist of illuminated channel letters with plastic faces, reversed neon illuminated channel letters, and "Dual View" channel letters with translucent faces and "Halo" neon illumination. L.E.D. Type illumination is encouraged and should be utilized as first choice. Window signs to be permitted subject to City of Hemet Sign & Zoning Ordinances. In no event will any signage exceed 25% of window area.
8. The letters of the tenant identification wall signs shall not exceed the height as described in this sign criteria (Refer to Building number for allowable height).
9. The color of the tenant identification wall signs shall be at tenants discretion or utilizing nationally recognized trademark colors. A tenant shall be considered to have Nationally recognized trademark colors only if the tenant has registered said colors and letter style registered with the Department of Trademarks and Logos Final signage layout subject to Landlord's approval and also subject to approvals to the City of Hemet.
10. Restaurant Pad Tenants are allowed to be permitted directional & outdoor menu signs as required to serve the needs of drive-thru car service customers. Such signs shall be subject to Landlord's approval and City of Hemet Sign and Zoning Ordinance regulations.

Photo rendition for representational purposes only. Photo scales are close approximate. Actual sign may appear larger or smaller than shown. Colors shown may vary due to ink jet printing interpretations.
