

My name is Wraymond Sawyerr. As a Hemet resident, I am concerned about the decline in the quality of life in our city.

Homelessness has reached critical levels. Transients publicly use drugs and alcohol. Residents do not feel safe. Our streets are filthy and falling apart.

To help get Hemet back on track, I am seeking election to the City Council. My priorities are 1) greater investment in law enforcement, 2) street improvements, 3) measures that will hold City Hall accountable.

I believe I am uniquely qualified for the City Council. I'm a legal immigrant to America who came here pursuing the American Dream. I have worked as a detention officer with the Los Angeles Police Department. In 2005, I opened a local business that remains highly successful.

For eight years, I was an elected School Board member. Since 2017, I have served as a member of the Riverside County Civil Grand Jury. I am President of the McSweeny Homeowners Association and Vice Chair of Hemet's Infrastructure ~~Committee~~. *Farms Commission*
