What experience or education have you had relative to this field? My experience began in 2006 when I was elected to the local board of Realtors and later became President in 2011. During that time I became a Director of Habitat for Humanity, & served on the ROCS committee. After countless board & committee meetings, this provided hands on experience in tough decision making. Currently I lead one of Hemet's longest standing economic drivers as the President of the Ramona Bowl Amphitheatre, home of the Ramona Pageant.

In your opinion what are the most important issues facing the City of Hemet? All issues are important, I would place a higher priority to quality of life, pride of ownership, public safety, transportation, and economic development. We need to clean up, fix up, and bring up this city, to foster a greater respect, ownership and responsibility.

What vision do you have for the future of the City of Hemet? My vision is to bring back that "Hemet is Heaven" feel again, to see our community live, move, and serve with purpose. Allow our citizens to exercise their freedoms, liberties in pursuit of happiness and well-being. Partner with our businesses, non-profits to thrive and prosper for a better community.

Please provide any additional information or comments you feel would assist City Council in considering your application. My first time running for a public office was in 2020 for Hemet City Council. Part of that process was qualifying, filing for a campaign ID, open a bank account & most importantly asking voters for a vote. Talking with the general public was an enlightening experience. This showed how important it was to listen to their concerns, and do the best to address their issues. It would be an honor to represent the people of Hemet.

Please provide a resume for this application. (optional)
